

Abstract

P5 Management Company Limited is the Point Of Sale (POS) system implement provider. We were internship in cooperative education to be IT Support at this company. We encountered some problem about search and get information from the manual that is inconvenient. Therefore we have the idea to develop the online manual for helping staff to get information rapidly. Manual maintenance of the IT online is created by WordPress 4.33 is a popular CMS.

Keywords: P5 Management Company Limited / Point Of Sale (POS)
