

## ABSTRACT

### **Brief Description**

The study of research in Vietnam has an emerging economy with relatively high economic growth and political stability. Since the 1990s, the country has undergone economic reforms and transformed to become a market economy with strong support from the international donor community and various organizations.

Tourism is the third largest sector of the economic after agriculture and the garment industry, and the second largest income contributor after the garment industries. This report argues that tourism in Vietnam is playing an increasingly important role in shaping the country's political and economic development. Income generated from this field helps to promote economic growth, poverty reduction, cultural identity, and political legitimacy in the country that used to be better known for land mines, killing fields and turmoil. Vietnam worldwide tourism impacts in tourism industry of Vietnam comprised on advantage and disadvantage roles. tourism resources and with unique geographical advantage and convenient transportation network international tourism cooperation among Vinh Long City and Vietnam country displays great prospects for development .Tourist arrivals have increased remarkably to more than two million in 2007 and the number is expected to go up yearly by about 20 to 30 percent. International tourist from Vietnam, Korea, Japan, China, Thailand, Lao, Taiwan, Malaysia, United States, and European Countries are Russia, France, etc. are the major sources of tourist .The lack of infrastructure and high standard services for the high class, or top end tourists. Investments in the construction of hotels, guest houses, restaurants, resorts centers. In addition, the private sectors could also introduce tourism products and services for special interest group from them.

This is beneficial for the realization of development and prosperity in Vinh long City, Vietnam. Free trade area and tourism are important to make good use of Vinh long City Vietnam land and resources to enlarging g tourism cooperation and expand tourism content. It needs urgent and they is why the study author writes this paper to explore the possibility
