

Abstract

Tourism Authority of Thailand as a state enterprise under the supervision of the Ministry of Tourism and Sports. The mission is to develop and promote tourism in Thailand. The information provides domestic tourism service for all 77 Provinces, in various forms, such as call center 1672 or documents and maps. The problem found was the information providing to tourists is still out of date. This may cause the potential error and the inconvenience in providing service to the tourists.

Therefore, the trainee is appointed to perform and solve this problem on doing the project named “How to Update an Accommodation for The Tourist with Imind System”. Then we plan to survey and collect the updated information about accommodation in the Imind system for the convenience and the ease to serve to the tourists. We hope this project can solve the problem mentioned above. This project is intended to be useful and could be a guideline for any staff including tourists and also Cooperative students.
